Low Vision Advisor

Do you have sight loss?

Our FREE Low Vision Advisor service offers:

- support with the low vision registration process
- advice on the assistive technology available to help you manage your low vision
- tips and advice to help promote independence
- signposting to specific referral services e.g. benefits, employment and general support services
- empathy at a time when you may be finding it difficult to adjust to your new situation
- an explanation of your diagnosis and its prognosis.

Julie Lewis, the Low Vision Advisor is based at the REI four days a week and spends one day at our resource centre. Her post is jointly funded by Sensory Solutions and the NHS.
